PULSE FITNESS

Gym Management & Member Experience Platform

Complete Source Code Repository — Line by Line

REPOSITORY VERIFICATION & CODEBASE MANIFEST

- Total Source Files: 107 files (100% complete, zero omissions)
- Total Code Lines: 25,998 lines
- Total Code Volume: 932.7 KB UTF-8 text
- Generated Timestamp: 2026-09-22T22:02:57.952Z (UTC)
- Tech Stack: React 19, TypeScript, Tailwind CSS v4, Express Node.js, SQLite/In-Memory & Supabase RPCs

FULL CODE INTEGRITY GUARANTEE

Every single file in this repository is transcribed below sequentially, from line 1 to EOF without abbreviation, truncation, ellipsis, or placeholder omission. Each line is displayed with its exact 1-indexed line number in standard monospace formatting for printing, auditing, and archival preservation.

343 |
344 | Welcome to Pulse Fitness! Consistent resistance training combined with balanced macronutrient intake and 7-8 hours
  + |   of quality sleep delivers 90% of your body composition results.
345 |
346 | **Key Gym Principles:**
347 | 1. **Consistency over Intensity:** 4 focused workouts weekly beat 7 erratic sessions.
348 | 2. **Protein Anchor:** Consume 1.6g to 2.0g protein per kg of bodyweight daily.
349 | 3. **Progressive Overload:** Track your lift weights and reps weekly.
350 | 4. **Hydration:** Minimum 3 to 4 liters of clean water daily.
351 |
352 | Feel free to ask for customized workout splits, South/North Indian nutrition targets, or exercise form tips!`;
